

Dear Radiant Family,

In alignment with our governor's request as well as the advice of healthcare specialists, we have decided to cancel tomorrow's service. It is important during this time to remain calm and know that we are taking preventative measures to lessen the impact of COVID-19. These precautions are being put in place nationally to help manage the fixed nature of our healthcare system capacity. This decision is also a reflection of our desire to be "good neighbors" and citizens of the community around us.

We will continue to follow the recommendations of the state of Minnesota and the Center for Disease Control for how best to respond to the developing situation.

While our building may be closed this Sunday, church is still happening! Please join any of the online services hosted by our Network Church in Kalamazoo. They will be live on Saturday at 6PM or Sunday at 9:00AM and 11:00AM and you can be streamed at <https://www.radiant.church>. Please reach out to your Group and people you know to offer you support, encouragement, and prayer! Our hope is that our community would continue to gather midweek as well as continue to meet in smaller groups and find encouraging ways to connect even when it's difficult to gather in large spaces.

We encourage you to watch with your family and share with friends so that they can join in too. This is also an opportunity to bring the Presence of God right into their homes at a time when people are searching for hope.

Our midweek prayer times will continue as they allow us to meet the recommendations for smaller meetings. Once again, these occur on Tuesday afternoons 3:30 – 4:30 and Friday mornings 8:30 – 9:30. We'll be praying for faith to arise and continued health over our community, nation, and government as we're all going through this unprecedented time. In Isaiah 60, God calls us to Arise, Shine, for our light has come. This is a perfect opportunity for us to help provide hope and healing to our community.

If you have questions about what is happening in Minnesota how the virus is spread, and what we all can do to help prevent its spread, information and answers to frequently asked questions are available on the State of Minnesota, CDC and World Health Organizations websites:

<https://www.cdc.gov/coronavirus/2019-nCoV/index.html>

<https://www.who.int/emergencies/diseases/novel-coronavirus-2019>

We're praying for continued health and safety with you all!

Mac Threinen
Lead Pastor
